Oregon City, OR 97045

The Clackamas River Water Providers is a coalition of the municipal water providers on the Clackamas River that are working together on water resource issues. The purpose of the organization is to collectively fund and coordinate efforts regarding water resource planning and management, water conservation and the development of the Clackamas River on a sustainable basis.

For more information regarding individual CRWP members and their water service areas go to [www.clackamasproviders.org](http://www.clackamasproviders.org) and at the top of the page click on "About Us."

# rebates!

## CLACKAMAS RIVER WATER PROVIDERS

encourages water conservation to promote wise water use because everyone depends on water! Water must be used efficiently or there may not be enough for drinking, irrigation, commercial uses, and emergencies such as fire-fighting.

We are committed to helping our customers do whatever they can to use their water more efficiently.

To help in this quest, we are offering **three water use rebates.\***

Our hope is that everyone will do what they can to preserve our precious resource.

\* Up to \$150 in rebates available.

# 1 TOILET REBATE

Older toilets use a lot of water – 3 ½, 5, or even 7 gallons with every flush. **High Efficiency Toilets (HETs)** use only 1.28 gallons per flush or less. Replacing a 3.5 gpf toilet with a 1.28 gpf WaterSense toilet could save as much as 4,000\* gallons per person per year.

\*Based on the national estimate of 5 flushes per person per day.

1. Selecting the right toilet is easy, thanks to WaterSense – a new program sponsored by the Environmental Protection Agency. The WaterSense label is used on toilets that are certified by independent laboratory testing to meet rigorous criteria for both performance and efficiency. Only HETs that complete the certification process earn the WaterSense label.

2. For a limited time, Clackamas River Water Providers will be offering a \$100 rebate when you replace a toilet that uses 1.6 gallons per flush (gpf) or more with a new WaterSense certified HET toilet.

Here are two great reasons to purchase an HET right now:

**Apply for a \$100 rebate when you replace your current water-wasting toilet with a new HET High Efficiency Toilet.**

**LIMIT: 1 toilet per household. Please allow 4-6 weeks for processing.**

**Apply for up to a maximum combination landscape rebate of \$50 when you purchase a rain sensor and/or a manual hose bib timer.**

**LIMIT: 1 landscape rebate per household. Customers can take advantage of each rebate one time per account. Please allow 4-6 weeks for processing.**

## LANDSCAPE REBATES (2 CHOICES)

Over-watering is the #1 cause of wasted water in the summer and the leading cause of plant disease and insect problems. Choose the items that will work best for you.

**2 RAIN SENSOR/SWITCH:** Temporarily shuts off your automatic irrigation system when it rains.

**Rebate: Actual cost of device – up to \$25 maximum**

**3 MANUAL HOSE BIB TIMER:** Never again forget to turn off water! Hose bib timers turn off sprinklers at pre-set times.

**Rebate: Maximum of two timers at \$12.50 each**

## REBATE ELIGIBILITY REQUIREMENTS

**Applicant must be a Clackamas River Water Providers customer.**

- You must be a Clackamas River Water Providers single-family residential customer or a small business (50 employees or less) which owns its own site. You must receive water from one of the following water providers; Clackamas River Water, City of Gladstone, Oak Lodge Water District, South Fork Water Board (Oregon City and West Linn), Sunrise Water Authority (Happy Valley and Damascus), and your account must be active and in good standing.
- The HET toilet you purchase must be WaterSense certified. For a complete list of eligible toilets, visit: [www.epa.gov/watersense/pp/find\\_het.htm](http://www.epa.gov/watersense/pp/find_het.htm).
- For HET toilet rebates, a copy of the dated sales receipt (or invoice) that specifies the toilet brand/model. The toilet brand/model shown on the receipt must match the eligible model list exactly. Tank and bowl numbers cannot be mixed and matched from different models – they have been tested in specific combinations for performance and efficiency.
- You must recycle your old toilet at Environmentally Conscious Recycling (ECR). Cost is \$1 per toilet. A scale ticket will be required as verification of recycling – be sure to request a ticket from ECR, located at 12409 NE San Rafael, Portland, OR 97230, (503) 253-0867 or [ecr@ecrrecycling.com](mailto:ecr@ecrrecycling.com).
- For all other rebates, a copy or original of the dated sales receipt (or invoice) that specifies the brand/model must be included with the rebate form. The brand/model shown on the receipt must match the item exactly.
- Rebate items must be installed at the property associated with your water account.
- One of each rebate per eligible account.
- A limited number of rebates are available each year.
- Rebates are available on a first-come, first-served basis. The program will end when funds are depleted.
- The total rebate per item will not exceed the receipt amount.
- The application must be received within 3 months of purchase.
- Apply for each rebate separately or at the same time.
- Rebates are for new products only. Pre-existing products are not eligible.
- Prior to approval, an on-site inspection may be required by CRWP.
