

## Notice of Rate Increase

In April 2021, the Board of Commissioners passed a three year rate plan that allows for annual rate increases. Starting in January 2022, the rates for water and service charges will increase by 5%. This increase reflects the rising cost of operation and infrastructure maintenance and repair.

[View details of 2022 rates on the back.](#)

The Board of Commissioners and staff take great pride in serving all of you. Our primary mission remains unchanged - to provide you a quality product through an efficient and customer focused public utility. We are committed to ensuring that your hard-earned money is put to work for you. These changes will continue to support our operations, provide sustained renewal of critical infrastructure and strengthen the overall financial position of the organization.

2022 Water rates and service charges are:

Residential Service Charges & Water Rates			
Service Charge	Tier 1	Tier 2	Tier 3
	0-10 Units	11-20 Units	21+ Units
\$18.90	\$2.63	\$3.15	\$3.68

\*1 Unit of Water = 100 cubic feet or 748 gallons

---

The new rates take effect January 1, 2022 and will be reflected on the February billing statement.
